

A little bit about me...

I'm Hannah. I am a qualified Forest School practitioner with 9 years' experience and I'm also fully trained in first aid.

If you have any questions please let the school know and I'll do my best to answer them.

FOREST SCHOOL

AT REASIDE

Your child will be doing Forest School this term

Forest School is a way of learning outside. We don't do normal lessons, instead your child will be doing different activities on the school grounds.

This is to build their self-esteem, to increase their fitness levels and to get them used to working in different groups. They will be problem solving, learning new skills and getting plenty of fresh air!

These are the kinds of things your child will be doing:

- Tying knots
- Building dens
- Craft activities
- Learning about the natural world
- Trying out some co-operative games
- Learning how to light fires, toast marshmallows* and cook simple food

School will provide full waterproofs and wellingtons but the children may still get muddy and wet! So please make sure they're dressed in old warm clothing.

*Vegetarian marshmallows always available
