Summary

Reaside Academy is a school which has been through a significant transformational journey in recent years, establishing a revised climate for learning and with a team of staff who are resolute in striving for success in all they do.

Children embrace the school's values and enjoy their learning experiences within and beyond the school. These motivate and engage them through experiences which are based mostly on real life situations. The children know that teachers and other adults work hard to make their learning fun and as a consequence they make good progress. Results have been on an upward trajectory under the leadership of the new headteacher and last year outcomes were the best the school had ever seen.

Every child is valued, supported and included, irrespective of their background or need. Through early intervention learning is personalised according to need and provision from within and sometimes beyond, the school facilitates improvement for both children and their families.

The evidence submitted by the school supports the view of the assessor who is of the opinion that the school meets the standards of an inclusive setting.

I recommend that the school be accredited with the Inclusion Quality Mark and congratulate you on the sterling work you have undertaken in achieving this award.

Letter to children:

Dear children

Thank you for making me so welcome when I visited your school on Monday 11th July 2016.

It was a pleasure to meet many of you in class and to see how much you were enjoying practical science with the David Attenborough video work and the roller coaster project.

I also enjoyed meeting the staff, children and pet dog in your Inspire room. At lunchtime I was able to meet more members of staff and saw how some of you enjoyed playtime activities, such as tennis, bowls and drawing. All the adults at Reaside work hard to make your school a happy one where everyone helps each other. As a result, I know that the standards in the school are really improving. Your School Council friends told me a lot more about the school and I have included a lot of this information in a report which I have written for the teachers, learning support staff and members of your Local Academy Board.

I am pleased to tell you that I think your school should receive an award to show that everyone tries their best to help each other enjoy learning and do the best they possibly can. I am sure that Mrs. Wiseman will talk with you about this and show you the award later in the year.

Well done and thank you again for making my visit so enjoyable.

Yours sincerely
