International Women's Day 2019, 'Opportunities in STEM for Girls'

Our year 6 girls had the opportunity to be part of an exciting event - "Opportunities in STEM for Girls: Take Action for the Girl" organised and presented by the University of Wolverhampton.

This event was shared with 120 primary school girls in year 5 and 6 to raise their aspirations of STEM and engage girls in Physics, Maths and STEM activities in a fun and exciting way. STEM Leaders and teachers were all invited to this amazing event. The girls were encouraged to continue the fun at home with their family with a take home activity.

The activities included a University Campus Tour, Dr Yvette Hancock: Ellie the Electron (puppet show), Art exhibition and much more! All the children agreed they had learnt lots and enjoyed sharing their day with the whole school in assembly with Mrs Wiseman!

What a performance!

Last Friday morning and this Thursday we were joined by Claire and Oliver on a musical adventure created to celebrate friendship, understanding and the important role that reading can have in our lives. The show is written to inspire children to read, as the actors interact with the ideas and characters from the best of children's literature. The musical features popular books which includes Danny the Champion of the World by Roald Dahl and This Morning I Met a Whale by Michael Morpurgo. They followed our hugely successful World Book Day events at Reaside Academy. We really do love to read at Reaside!
