STEP INTO CHRISTMAS - FRIDAY 11TH DECEMBER

Children can wear anything Christmassy on 11th December! This year is the first year we will not have Mrs Kavanagh to celebrate with us, so we'd like to keep her love of Christmas and festivity going... **THE CHRISTMASSY THE BETTER!!!!** Please send your child in with £1 on the day and this MUST be handed in to their teacher. The money will need to go into quarantine before we are able to total the amount raised.

CONGRATULATIONS - Christmas Card Competition

Congratulations to Jacob S in 6R who won 'Runner up' in the Gary Sanbrook Office Christmas Card competition. Well done!!!

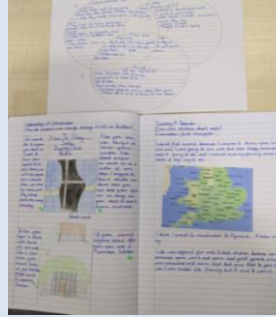

Year 3 - PSHE Lesson

In PSHE this week, Year 3 were talking about family and what makes up different families. Here we had to work in groups to spell out the word family using our body.

Year 6 - History

6R have been deepening their understanding of evacuation during World War Two, by comparing primary sources regarding different people's experiences. They were shocked to learn just how young some of the children we looked at were, and how long they went without seeing their real families.

Vodafone data SIM

We have been gifted some free data SIM cards from Vodafone. They enable you to use 30GB of data over 90 days, starting from the date you enter the SIM into your smart phone or device. You won't be able to use your device to make calls/texts as this is only a data SIM. After the 90 days are up, you can still top up the SIM with more data. Go to www.vodafone.co.uk/topup

We only have a limited amount of SIMS to gift to parents, so please contact the school office if you would like one. Please **DO NOT** turn up at the school office for a data SIM. You will need to contact the school and we will arrange for one of these to be sent home with your child. These are for parents only and one SIM per family can be given due to the limited amount of SIMS we have been gifted. They will also be given on a first come first serve basis.

Why it is important to follow the guidance on Isolation

Coronavirus Incubation timeline

It can take up to 14 days to develop symptoms after exposure - this is known as the incubation period.

DAY 0
Hannah was exposed to coronavirus.

DAY 5
Hannah got tested and was negative.

DAY 7
Thinking she didn't have coronavirus, Hannah attended school, and was in close contact with 17 people.

DAY 9
Hannah developed symptoms and tested positive. She was contagious for 48 hours before her symptoms started, and exposed 17 people to coronavirus. These 17 people now all need to self-isolate for 14 days.

This is why it's so important to self-isolate for the allocated time and to only book a test if you develop symptoms.
