Dear Year 6 parents and carers

As we enter another week of home teaching and a partial school opening. I hope that you are managing to stay safe and well.

The COVID-19 pandemic continues to disrupt our children's education. Gavin Williamson, Education Secretary has now confirmed that Government primary school tests will not go ahead in 2021. This means that all statutory Key Stage 2 tests and teacher assessments planned for summer 2021, including the Key Stage 2 tests in reading and mathematics, will not take place.

I am sure that this comes as welcome news for children and parents, as it goes some way to relieving what can be, a very pressured time for our children.

It also means that staff in school and those delivering our remote learning, can really move forward with focusing efforts on delivering our curriculum and supporting those that need further support/interventions to effectively catch-up. Rest assured that this is very much our priority now.

We will continue to keep you as up to date as possible as we navigate this uncertain and rapidly changing time.

Stay safe
Mrs Wiseman and the Reaside Year 6 team

Class	Home Learning star of the week	Star of the week in school
3D	Aronas V	Year 3: Abbas L
3E	Lexi E	
4K	Charlie W	Year 4: Dylan T
4S	Joseph F	
5W	Jacob R	Year 5: Reine T-C
5F	Ezmae N	
6R	Demi W	Year 6: Alyba M
6B	Ian L	

Safeguarding reminder: Remember to report any safeguarding concerns to the Birmingham CASS Team 0121 303 1888.

The Reaside Way: Communication - Pride - Respect

Year 3 had a wonderful time in their art lesson this week. We focused on a 'Pop Art' style painting of a volcano eruption. Children in school enjoyed practising their painting skills. Children at home were able to have a go too and we had some lovely examples back!

Megan in 3D doing some research for our theme lesson looking at 'Natural Disasters.' And below, Keira G in 3D has finished making Weasley's Wizard Wheezes from Harry Potter.

Year 6 have had a great week, working on converting fractions to decimals in maths, finalising their newspapers and exploring the work of Carl Linnaeus. They have also been looking into why Florida is the ideal location for launching rockets into spaces and comparing its geographical features with the West Midlands - impressive stuff!

Look at Harrison B's cupcakes complete with jellies, Millie B's independent learning about Ann Frank and Demi W home baking - What a week!

Year 3 had a wonderful time in forest school this week, they made dens, played hide and seek and played a game which was similar to bowling! They had so much fun!

Year 5 Theme -This week we found out about volcanoes and made comparisons between Shield volcanoes and Stratovolcanoes. Commando Joe - This week our mission was to build a bridge so we could roll a ball across it. We succeeded!
